01 / WHO WE ARE

Company overview

Practical, site-specific security and network infrastructure.

KN SYSTEMS is a security systems integrator and network solutions installer established in 2016. The company specialises in access control, CCTV surveillance, intruder and fire alarm systems, electric fencing, gate automation and network solutions.

Our approach is centred on understanding site-specific requirements and implementing practical, cost-effective solutions using current technological developments. We focus on operational effectiveness and efficiency while helping protect people and assets.

INTEGRATION MATTERS

Where appropriate, access control and CCTV can be designed to work alongside peripheral devices and other site systems.

Established

Operating since 2016.

Core focus

Security systems integration and network solutions.

02 / WHAT WE DO

Our solutions

Installation and maintenance across five core service areas.

01 **ACCESS CONTROL**

Biometric and keycard access solutions designed to control and monitor access to a property.

02 **CCTV SURVEILLANCE**

Analogue and IP surveillance systems designed, installed and serviced around site needs.

03 **ALARM SYSTEMS**

Intruder alarm and fire detection installation and maintenance for small and medium sites.

04 **ELECTRIC FENCING & GATE AUTOMATION**

Installation and maintenance for homes, complexes and commercial applications.

05 **NETWORK SOLUTIONS**

Structured cabling, wired and wireless network equipment for home and office connectivity.

Why KN SYSTEMS

A disciplined approach to design, delivery and service.

01 SITE-SPECIFIC SOLUTIONS

Solutions selected and designed around the functionality and requirements of each site.

02 INTEGRATED SYSTEMS

Coordinated protection and monitoring by considering systems together.

03 INSTALLATION & SERVICE

Installation and maintenance across our security and network solution areas.

04 QUALITY & DELIVERY

A focus on quality installations, project timelines and budget awareness.

05 TECHNOLOGY-LED APPROACH

Appropriate, cost-effective solutions informed by technological developments.

04 / OUR DIRECTION

Mission & objectives

OUR MISSION

To be recognized throughout the whole country for the highest quality and standard of work, with minimum operating costs while meeting client needs and expectations.

OUR OBJECTIVES

Maintain high-quality installations and service; complete projects on time and within allocated budgets; acknowledge service expectations; and comply with relevant security standards and regulations.

INDUSTRIES WE SERVE

- **Residential**
- **Complexes**
